The purpose of WCHF is to help the average person. The definition of middle class in terms of income per year falls between \$ 32,653 and \$ 48,979. Many individuals earning in this range of income are a mere 3 tragic incidents from financial devastation. There are a wealth of organizations available to assist low-income families through financial difficulties. There is NO organization available to help the average family overcome a devastating setback to their finances.

WCHF proposes to provide a resource of aid to individuals that would not qualify for assistance from alternate organizations. Requirements for financial assistance would be that the individual be employed and typically able to meet their basic financial needs, however due to extenuating circumstances are currently struggling with a one time financial catastrophe. WCHF will not grant funds directly to individuals, but will, however make a direct pay to debt- be that the veterinarian, mechanic, dentist, etc
